Goals

1. Establish and maintain a comprehensive and effective system of care for substance use and gambling problems through a statewide, integrated network of services and providers.
2. Reduce substance use and gambling problems through public education, evidence-based prevention, and early intervention services.
3. Increase remission and recovery from substance use disorders and problem gambling through timely, accessible, ongoing, and effective treatment services.

Funding

Total funding in the RFP for the initial 18 months contract period was $41.6M.

$25.3M of that was assigned to Service Areas for Required Services -- Network Support, Prevention Services, and Outpatient Treatment. Contractors receive the funding that was specified for their Service Area.

$16.3M was assigned to Optional Services -- Adult Residential Treatment, Juvenile Residential Treatment, Women and Children Treatment, and Methadone Treatment. More than $30M was requested for Optional Services.

Optional Services dollars were awarded based on the total funding available for each service type, statewide access, and applicant scores.
