Checklist

ANNCR: When looking for an apartment, you have a checklist of must-haves, right? Close to work. Safe neighborhood. Quiet.

But are you forgetting one of the most important details? You know, like making sure your rental is smoke free?

If not, add it to your list. Because there's no safe level of secondhand smoke, which can cause serious health problems like heart disease, cancer and more.

Protect your health. Find more than 1,000 smoke free rental properties at smokefreehomes.iowa.gov.

Brought to you by the Iowa Department of Public Health.
