Products manufactured by MedPharm Iowa will be available in dispensaries on December 1, 2018. You may learn more about MedPharm Iowa's product line on MedPharm Iowa's website at this link: <https://www.medpharmiowa.com/aliviar>. You may also contact MedPharm Iowa about its products at info@MedPharmIowa.com or by calling 515-348-8400.

Products manufactured by Iowa Relief will not be available in dispensaries on December 1, 2018, as Iowa Relief is still in the process of building its manufacturing facility. It is anticipated that more information about Iowa Relief's product line will be available early next year.
