

Iowa's Integration Project - Collateral Contacts Form

Welcome to Iowa's Integration Project, funded by the Promoting Integration of Primary and Behavioral Health Care Program (PIPBHC) grant. PIPBHC is a five-year Iowa Department of Public Health (IDPH) program funded by a grant from the Substance Abuse and Mental Health Services Administration Center for Mental Health Services (SAMHSA/CMHS). Iowa's Integration Project requires a National Outcome Measures Follow-up Interview be completed for each client. To assist with this requirement, obtain at least three collateral contacts from the client to help in locating the client six months after intake. Collateral contacts can be individuals that have regular contact with the client (e.g. probation officers, family members, or case workers). Obtain a release of information from the client for each collateral contact.
