LT. GOVERNOR

Kelly Garcia  
DIRECTOR

To: Healthcare Providers and Laboratorians  
From: Kelly Garcia  
HHS Director  
Re: Designation of *Candida auris* infection or colonization in Iowa residents as temporarily reportable  
Date Issued: December 29, 2022

Pursuant to 641 Iowa Administrative Code 1.3 (139A), I, as the Director of the Iowa Department of Health and Human Services, temporarily designate confirmed or suspected cases of *Candida auris* infection or colonization as a reportable disease in Iowa. This designation will begin on January 1, 2023 and remain in place until December 31, 2023.

All Iowa health care providers and public, private, and hospital laboratories are required to report any suspected or confirmed cases of *Candida auris* infection or colonization to the department within three days of identification. Reports may be made by phone (1-800-362-2736) or electronically through the Iowa Disease Surveillance System (IDSS).
